## *Foreword...*

This is your yearbook. It is the culmination of many months of work, irritation, and frustration.

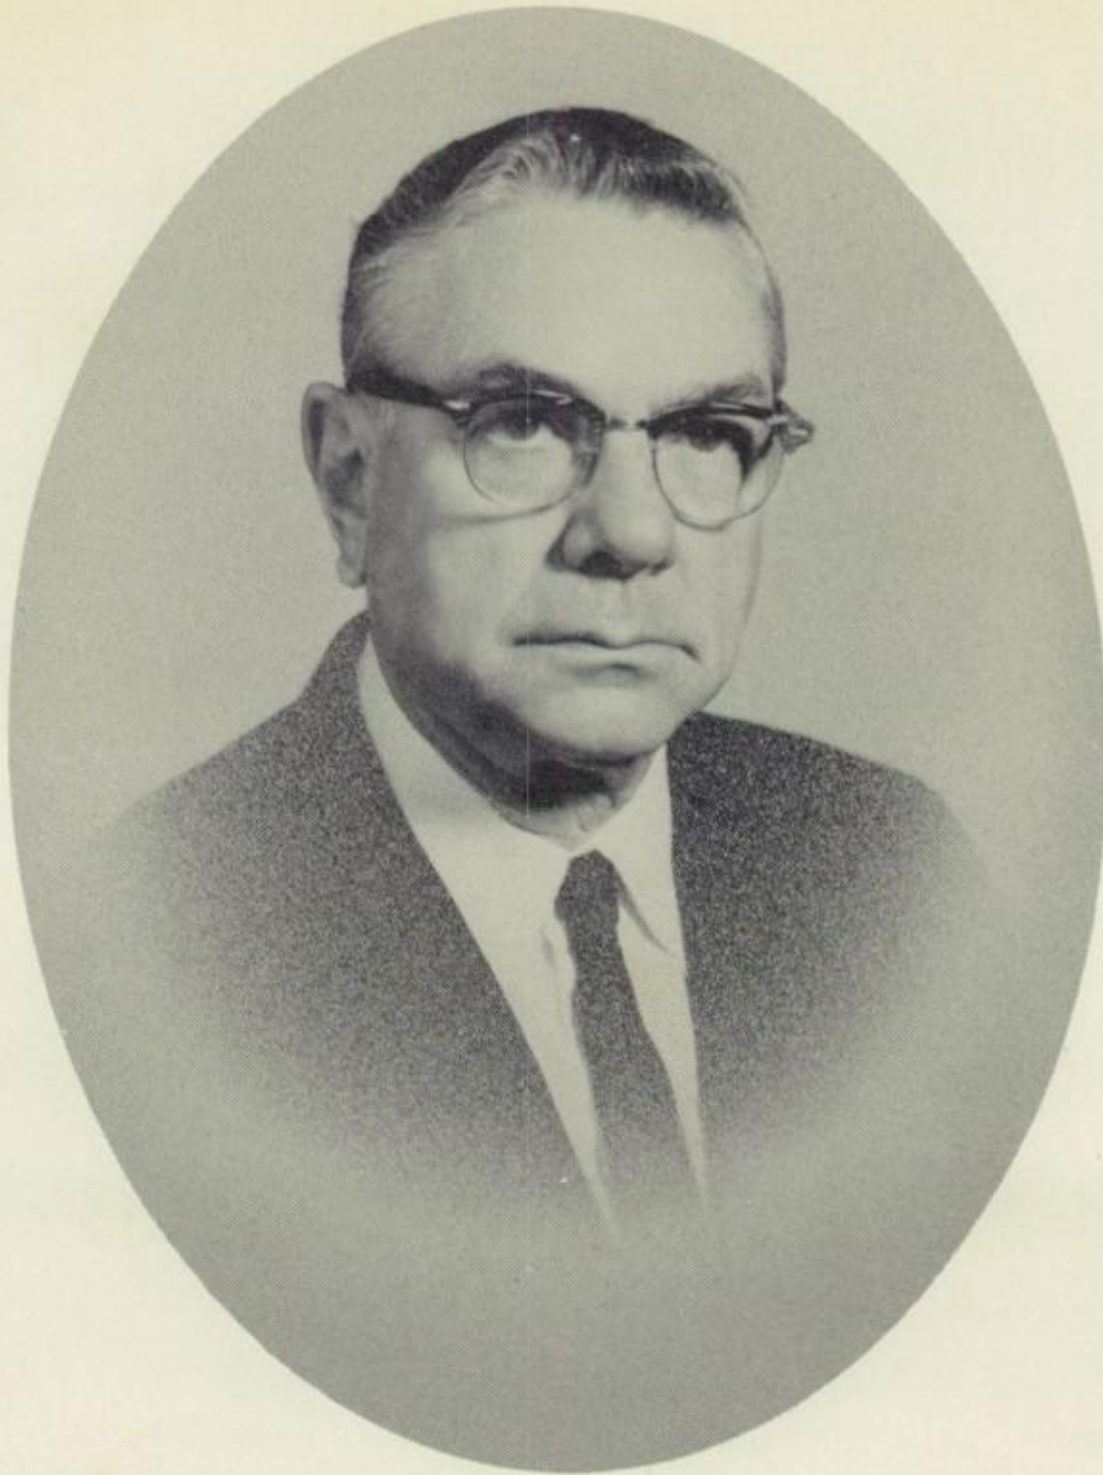

Each page represents days of planning and preparation, classes missed, and nights of sleep lost. If you look closely you might find a drop of perspiration in each page.

The staff was new, very new. But in the end every member was a battle weary veteran.

In any creative endeavor, it's the little people that count. And the 1964 PEAK proved to be no exception. Without the services and time, the aid and efforts of those who wrote copy, typed manuscripts, and identified pictures the book might not have come into being.

Deadlines created pressure. As time for publication grew nearer, the days seemed to grow shorter, the nights longer. But the job was finally done; the volume created. The 1964 PEAK became a reality.

## *Dedication*

To you Mr. Garber, we dedicate the PEAK 1964. You are the symbol of Montevideo High School, the symbol of friendship and belonging. Each student is a part of you, and you are a part of each student. By your friendly personal attitude towards all, you have tied our class and the school together. By working long hours in the school building, you have made its appearance something which anyone connected with Montevideo High can be proud of.

For these reasons the class of 1964 dedicates its yearbook to you, Mr. Garber, because you mean so much to all of us.

# *Academics*

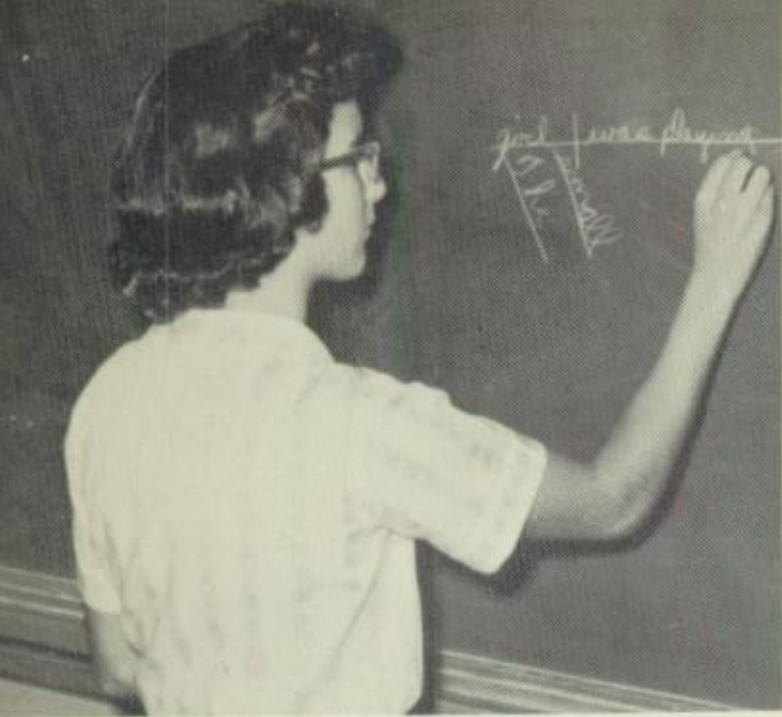

*Ambition is the characteristic of these persons. And what is ambition?*

*"Ambition is an idol on whose wings great minds are carried only to extreme; to be sublimely great, or to be nothing."*

Freshmen English

... This is the way we split infinitives and dangle participles ...

Our English department ranges from *Great Expectations* in our eighth grade year to *MacBeth* in our senior year including such greats as *Julius Caesar* and *David Copperfield*. The junior year is devoted to American literature with its Frost and Poe and the Senior year is strictly English literature. Of, course, in every year is a barage of commas and semi-colons.

When a student finishes his five years of English at Montevideo, we feel that he will have a good foundation in the English language.

Senior English

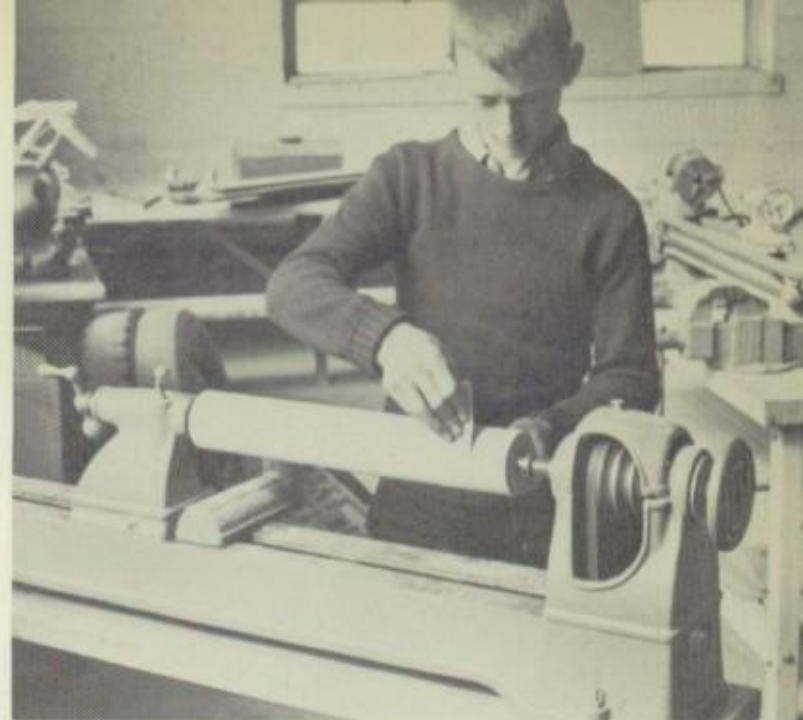

Junior English

Industrial Arts, Mechanical Drawing, and Art offers the students of M. H. S. a chance to use, not only his brain, but also his hands.

Many future artists find that while Art Class develops their creative instincts, Mechanical Drawing develops their sense of accuracy. With this combination working for them who can beat them?

For all home repairmen and do-it-yourselfers Industrial Arts is an absolute must. Many beautiful objects have emerged from the M. H. S. shop.

Industrial Arts

Mechanical Drawing

Art

Both our Home Economics department and our Agriculture department welcomed new teachers; in Home Ec. Mrs. Donn Deiver and in Agriculture Mr. Flory.

In Home Ec. a girl learns the art of running a home and taking care of a family. Everything from marriage preparation to child care is studied.

A student in Agriculture studies farming in general phases in particular.

Home Economics

Agriculture

In accordance with the late President's physical fitness program every student through his Sophomore year must take Phys. Ed. Everything from football to bowling is studied and played.

On two days a week the classes study health. Here again is a large variety of subjects. At Montevideo we believe in developing "A perfect mind in a perfect body."

Boy's Phys. Ed.

*Karen,  
I'll always remember you in  
those "crazy" moments we had.  
Remember Katin and English and  
Phys. Ed. - Best luck in the  
future years at M.H.S.  
Love Betty*

Girl's Phys. Ed.

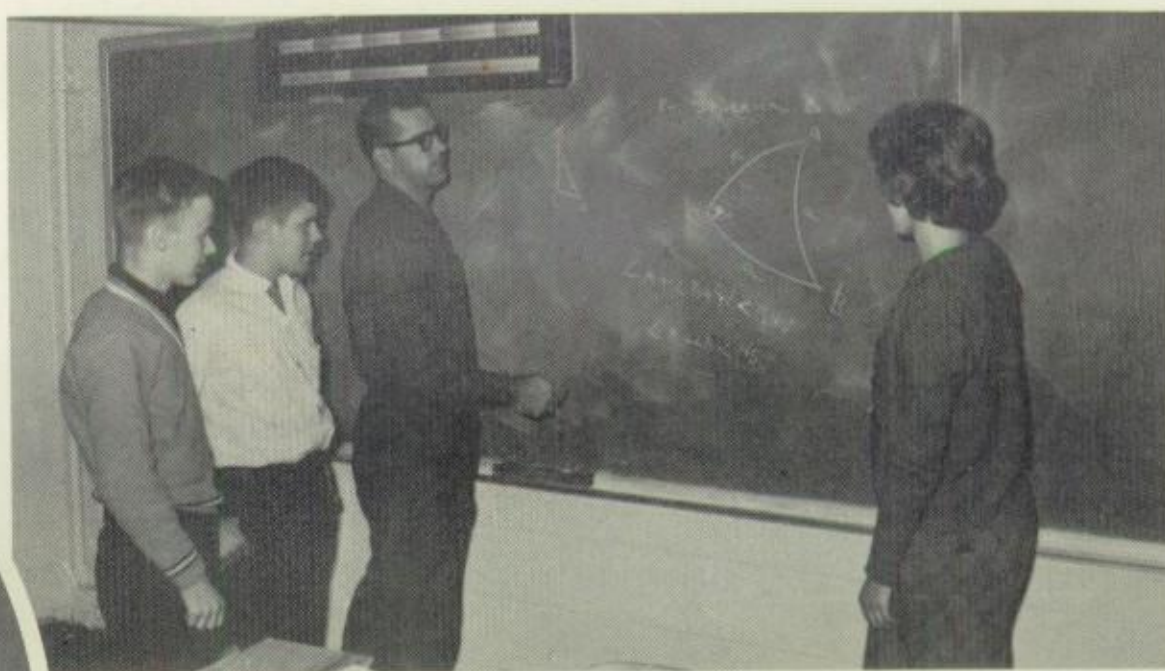

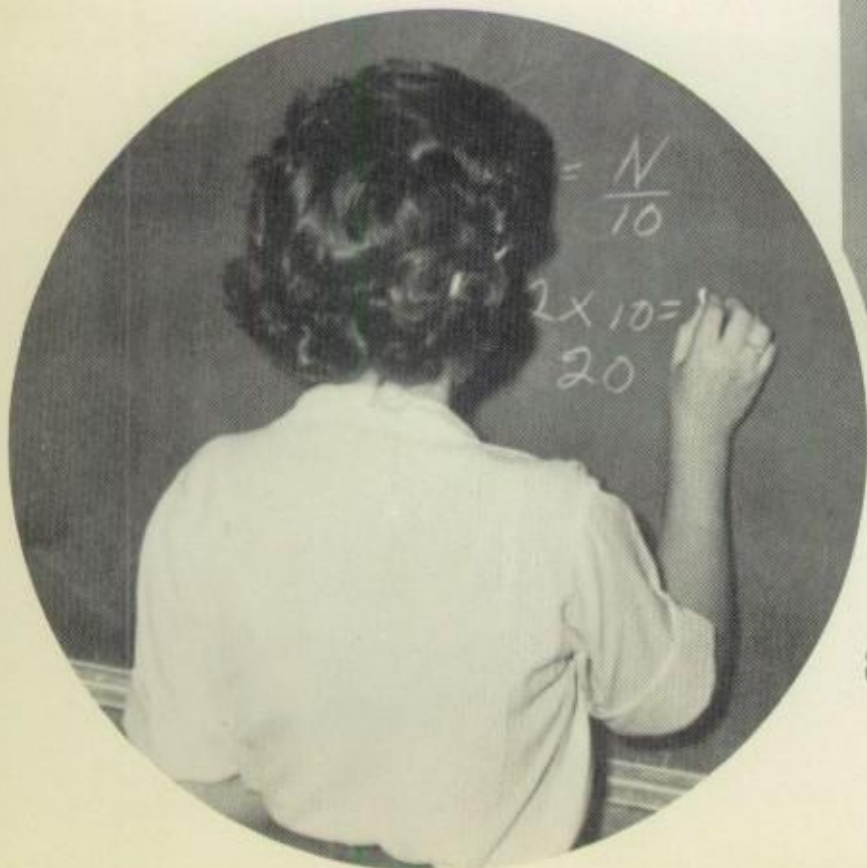

### Math

Montevideo's math department ranges from General Math to Solid Geometry or Trigonometry. Qualified and capable teachers head each division so that whether a student takes only the required two years of math or all five years he will have a good start for any math he may wish to go into.

### Algebra I

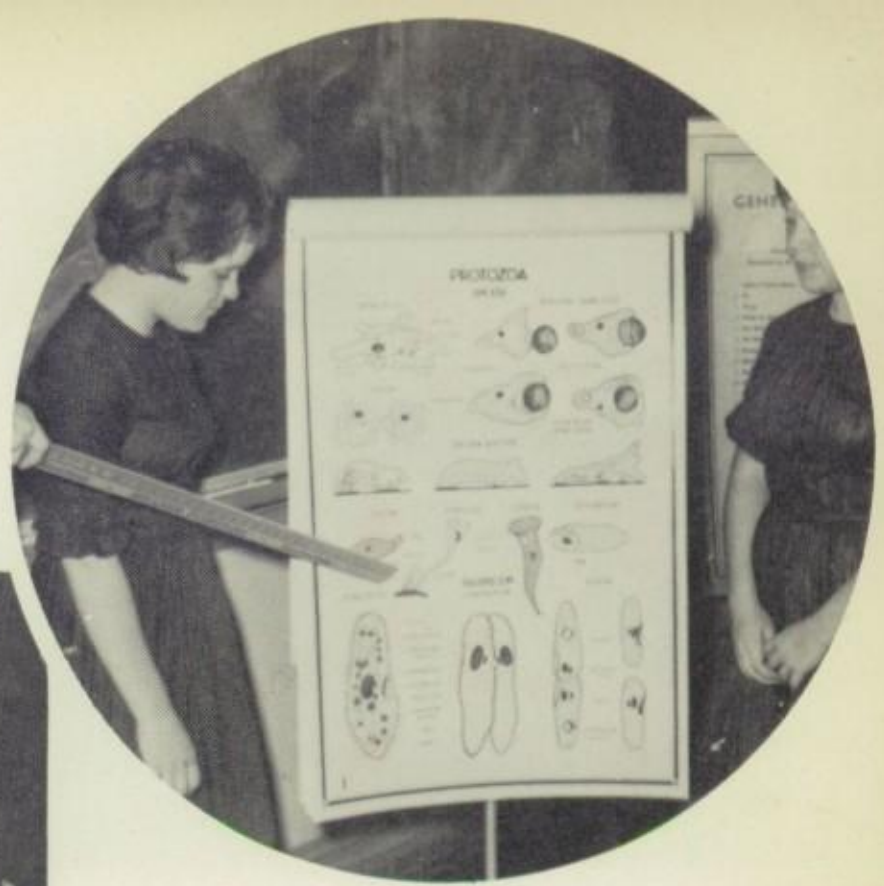

### Plane & Solid

### Solid & Trig

## General Science

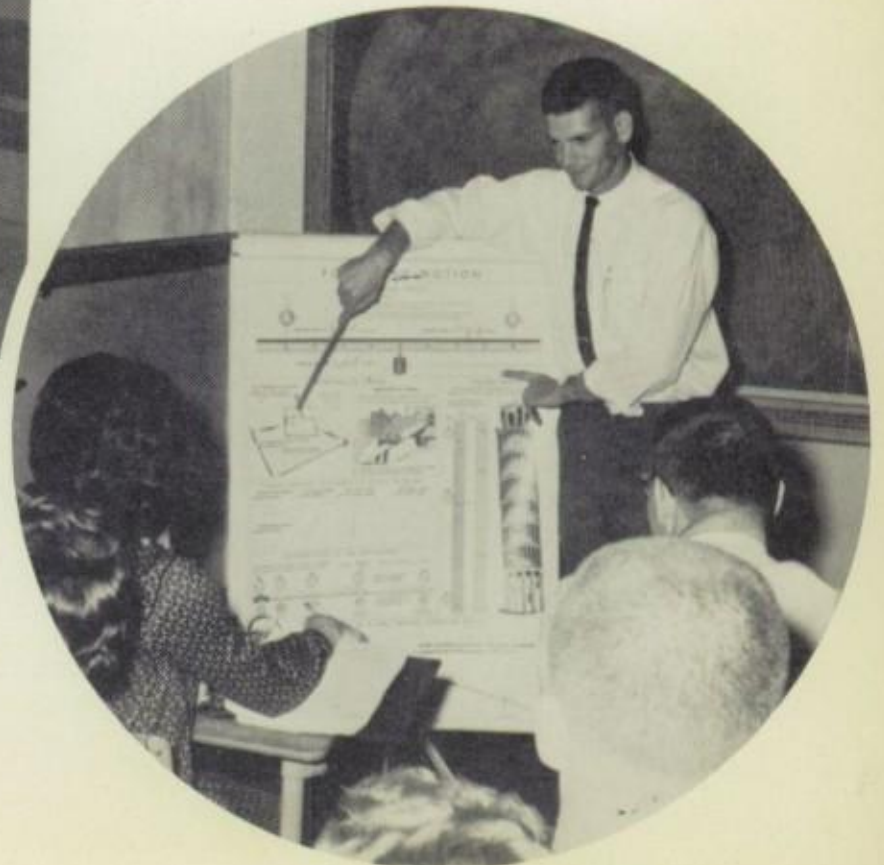

## Biology

Preparing a student for the future through science is a very important phase of the academic life at Montevideo. From the required two years to the brave few who take physics, great knowledge and experience is gathered. Today science is necessary to understand the world about us. Everyday new and wonderful things spring up about us, and we will be prepared to meet it.

## Chemistry

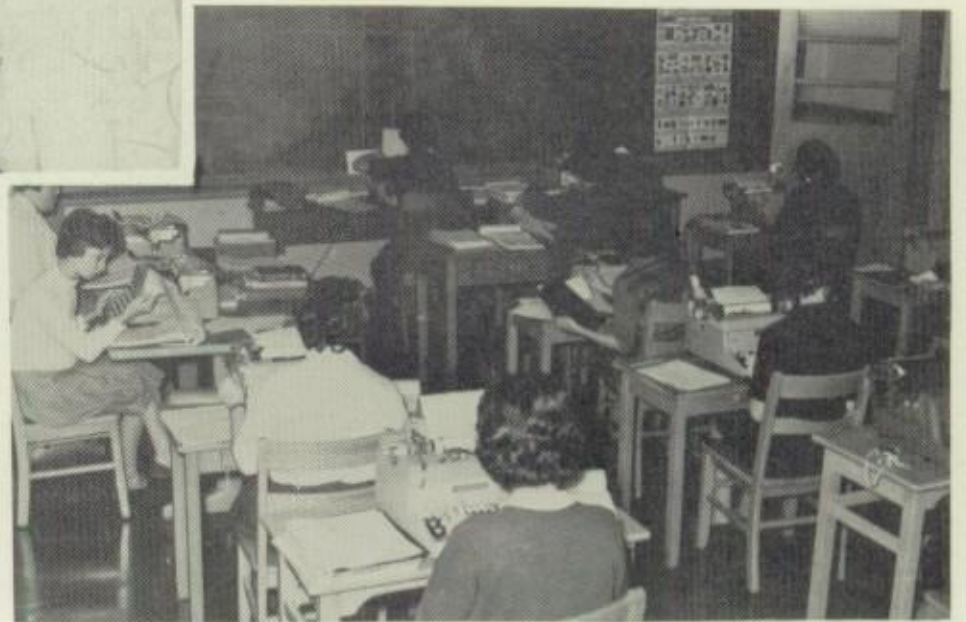

## Physics

General Business

Typing

For the student who is planning to go into business after graduation Montevideo provides a comprehensive course. Future stenographers and secretaries are developed. From here they should have no trouble obtaining top notch jobs.

Shorthand

Bookkeeping

*Ronald Heatside  
Best of luck in your  
future years at  
M. H. S.*

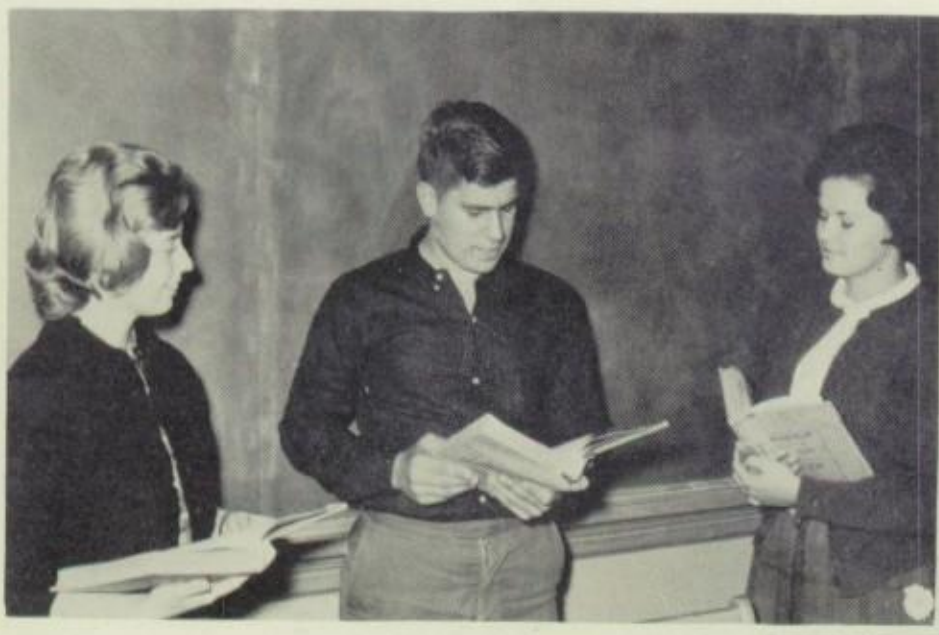

Latin I

Latin II

Every student planning to go to college knows well about our foreign language department. For those who believe in contemporary languages we have two years of French. Tape recordings and songs are often of great help to the students.

Ego amo te and amor vincit are among the first statements learned by the Latin student. Montevideo feels itself very fortunate to have a third year of Latin in which Cicero and Ovid are studied.

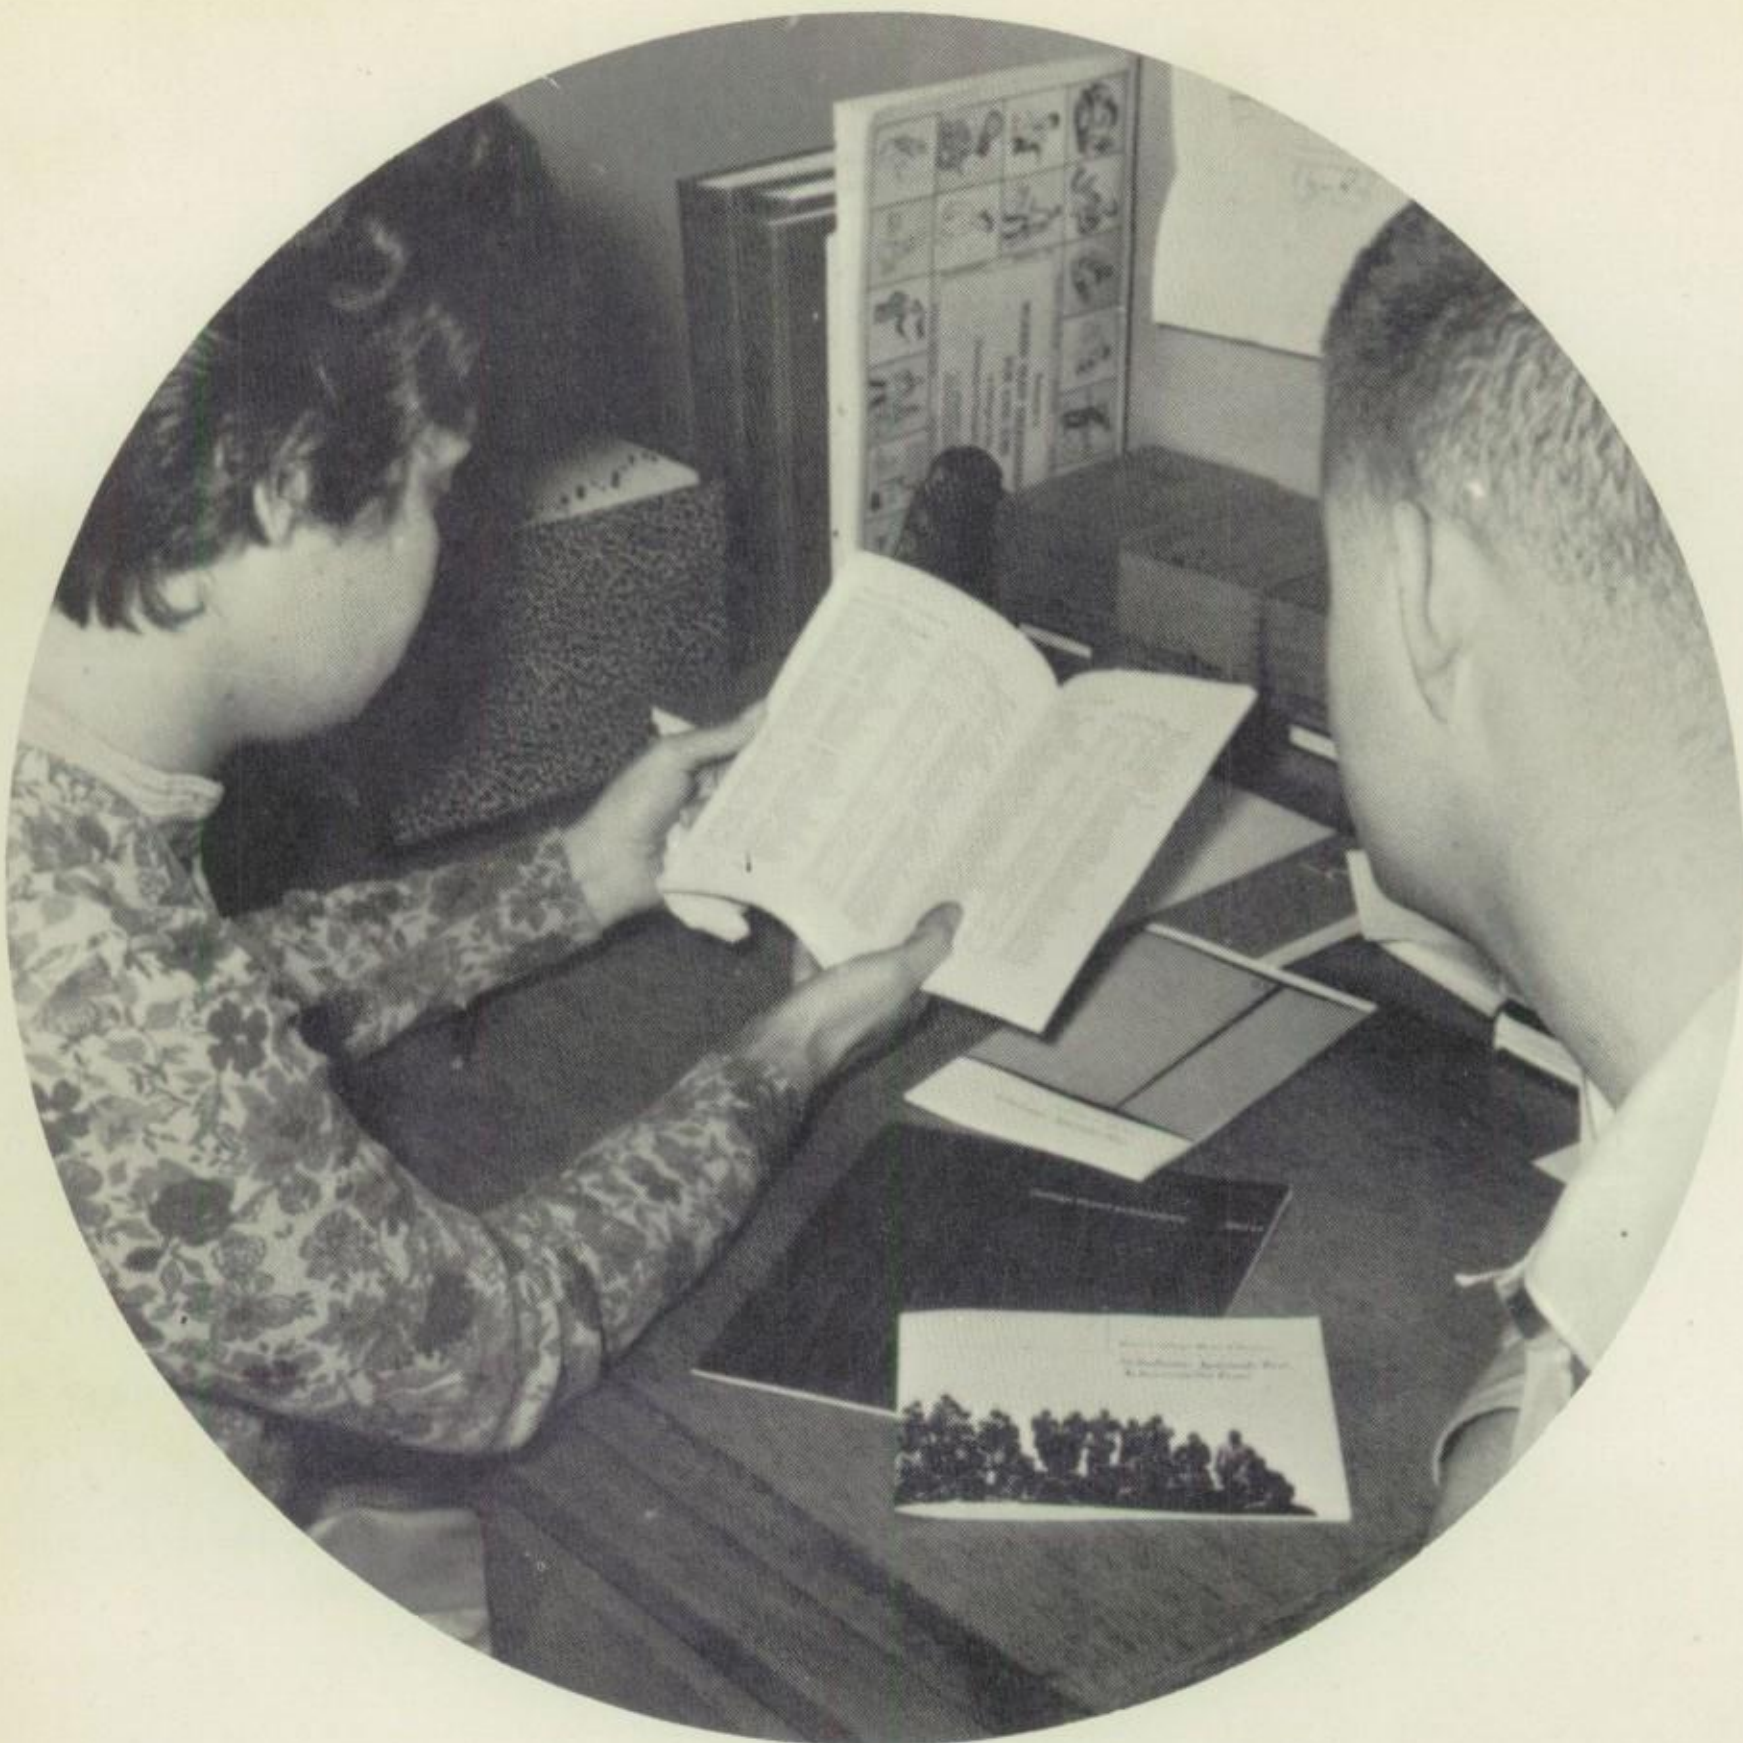

French II

French 1

The guidance department starts working with the student before he starts the eighth grade and continues through the last year. A program of study is laid out by an experienced counselor and the student to assure him that he will be prepared for the future. But their work does not stop here; students are shown their strong points and weak ones through S. T. E. P. and S. C. A. T. tests. College bound students find themselves involved in P. S. A. T. and S. A. T. tests. Non-academic students are shown their greatest job aptitudes through G. A. B. T. tests.

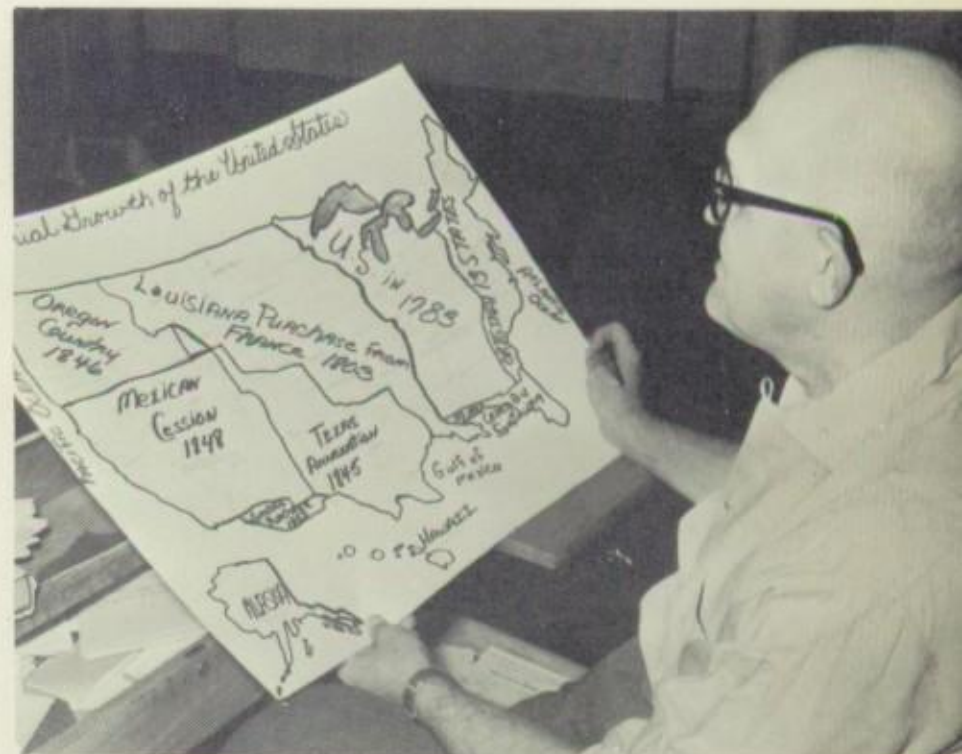

World History

What a dull world this would be if we didn't know what was going on elsewhere. Likewise just as dull would be a world in which we didn't know what had gone on. Although not stressed so much as in the past history is a very important factor in our daily life.

As we look back we will long have fond memories of projects and maps but even more substantial we will know our heritage and how to put that heritage to work.

United States History

United States Government

# *Administration*

*"I slept, and dreamed that life was beauty; I woke, and found that life was duty."*

*An outstanding duty of the administration is that of guidance of many young minds—guiding them to the Fountain of Knowledge. It must always be remembered that "a little learning is a dangerous thing; drink deep, or taste not the Pierian Spring; there shallow draughts intoxicate the brain, and drinking largely sobers us again." And in this institution of learning, we must learn, but learn from the learned.*

*As the lofty PEAK faces toward the sky, ever facing upward upon firm foundation, we point our goals in like direction, that we might always "Hitch our wagon to a star, but keep both feet on the ground. Too low they build who build beneath the stars."*

The Varsity Maroonettes have given many precious hours to afternoon practices and games. For the first time in our school history, our girl's team outscored Turner Ashby in two games this season. The Montevideo students should be proud of these girls. Whether or not they come out on top, you can be sure they excel in sportsmanship and good character.

Barbara shoots for two!

# J. V. Maroonettes

*Front Row*—Judy Hensley, Carol Coffman, Penny Bowman, Susan Coughill, Linda Life, Susan Life, and Karen Long. *Back Row*—Clara Cooley, Diane Raynes, Donna Hensley, Peggy Dove, Sandra Tutwiler, Nancy Moyer, Betsy Dean

## THE VARSITY OF TOMORROW

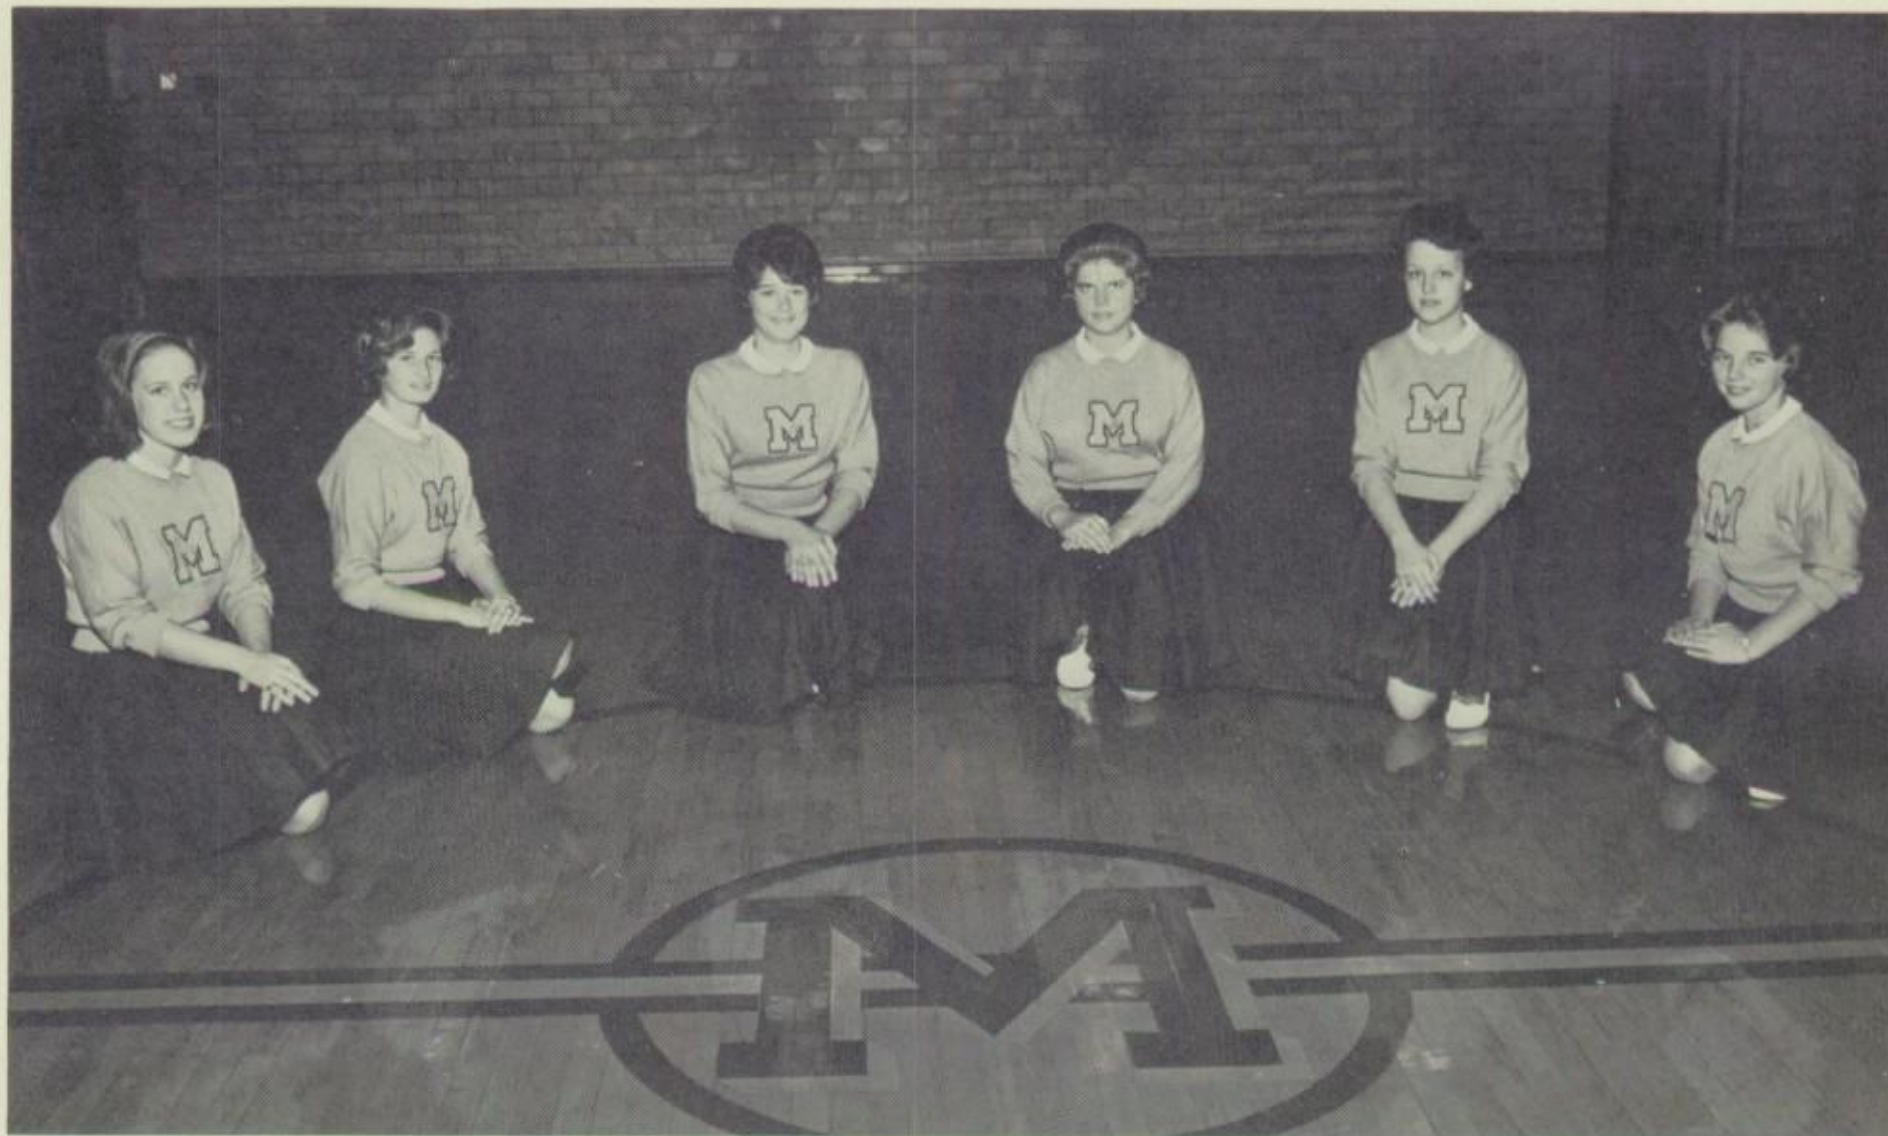

Coach Margaret Bowman confers with Captain Carol Coffman.

These future varsity Maroonettes have contributed much time to learning the skills and art of basketball. These skills have been put to good use this year and will continue to develop as they become our future varsity players.

# J. V. Cheerleaders

Dede Wilson, Jenny Miller, Emily Long, Brenda Harrison, Judy Fielding and Gayle Morris

Karen,  
Best wishes to a sweet  
girl. Always remember our  
Soph. study hall and Mr. Cross.

The J. V. cheerleading  
squad is composed of six viva-  
cious girls with plenty of ta-  
lent for cheering. Through  
their tireless efforts, they  
have boosted the spirits of the  
J. V. squads.

Emily

## *Executive Committee*

The function of the Student Cooperation Association at Montevideo is to promote better understanding between the faculty and students and to act as an effective form of student government.

The chief fund raising campaign of this organization is the magazine campaign which was a success this year thanks to the combined efforts of the students at M.H.S. By these efforts they have made known their willingness to cooperate and work in order to enrich their years at M.H.S. through the many and varied activities of the S.C.A.

(For Membership see page 130)

# The Peak Staff

*Barbara Hensley, Editor*

*Sammy Heatwole, Business Manager*

The "dummy" developed, however slowly--meeting its deadline page by page . . . Captions and copy found us scratching our heads for that one particular word . . . The Peak staff, with help of advisor, Mrs. Cavanaugh, worked hard through the summer, as well as during the school year, to edit Montevideo's annual publication, The Peak.

The staff is composed of juniors and seniors who have expressed an interest in the year-book and were selected by Mrs. Cavanaugh and editors of the various sections.

The staff expresses gratitude to Mrs. Cavanaugh and the many class and club reporters and students who have given their time and energy to aid the Peak staff.

*Eva Mae Bowman, Assistant Editor; Mrs. Glenda Cavanaugh, Advisor; and Larry Saufley, Assistant Business Manager.*

*Typists for the Peak are: Sheryl Wonderly, Kay Boyer, and Beverly Phillips.*

*Upper Left: Pamela Allen, Class Editor; Assistants Martha Diehl, Leona Mundy.*

Miss Blanche Wright

The National Honor Society has a restricted membership consisting of those Juniors and Seniors who have and maintain an average of 3.25 and are screened on the basis of leadership, scholarship, service and character. The

membership may not exceed 5% of the student body.

Membership in the National Honor Society is considered to be the highest scholastic honor which may be received at Montevideo.

(For Membership see page 131)

All students who are now taking Latin or who have completed at least one year of Latin may become members of the Latin Club.

The fundamental purposes of the Latin Club are to encourage, among young people, an

interest in and appreciation of the civilization, language, literature, and art of ancient Rome, and to give them some understanding of the debt our own culture owes that of classical antiquity.

*(For Membership see page 131)*

The Debate Club presents the opportunity for aspiring debaters to gain experience in gathering, preparing and presenting arguments.

Members of this organization are recognized by droopy eyelids, resulting from long hours spent buried in the library digging for material.

President—John Raynes, Vice President—Homer Barr, Secretary—Norma Sacra, Reporter—Sharon Morris, Advisor—Mrs. Pence.

## Debate Club

*for membership see page 131*

President—Gary Hinkle, Vice President—Sammy Heatwole, Secretary—Tim Evans, Reporter—John Raynes, Treasurer—Gary Coffman, Advisors—Coaches Glick and Pence.

The Monogram Club is composed of those having earned a letter in the representation of our school through athletics.

Its purposes:

- (1) to foster good sportsmanship between our school and others.
- (2) to encourage greater participation of the student body in athletics.
- (3) to recognize all team personnel.

## *Men's Monogram Club*

*for membership see page 131*

# Pep Band

At the many football games, no matter what the weather, the Pep Band greatly assisted the cheerleaders in sparking enthusiasm among the Montevideo fans.

# Majorettes & Drum Major

*for membership see page 131*

Home football games were often made even more enjoyable by the majorettes as in high-stepping fashion they led the band and displayed their twirling ability.

# K. V. G.

As members of the "Keep Virginia Green" Crew, these boys of sixteen or over learn the art of fire-fighting. Their aim is to protect our forests for the enjoyment of everyone, both in the present and the future.

*see page 131 for membership*

## Bus Patrol

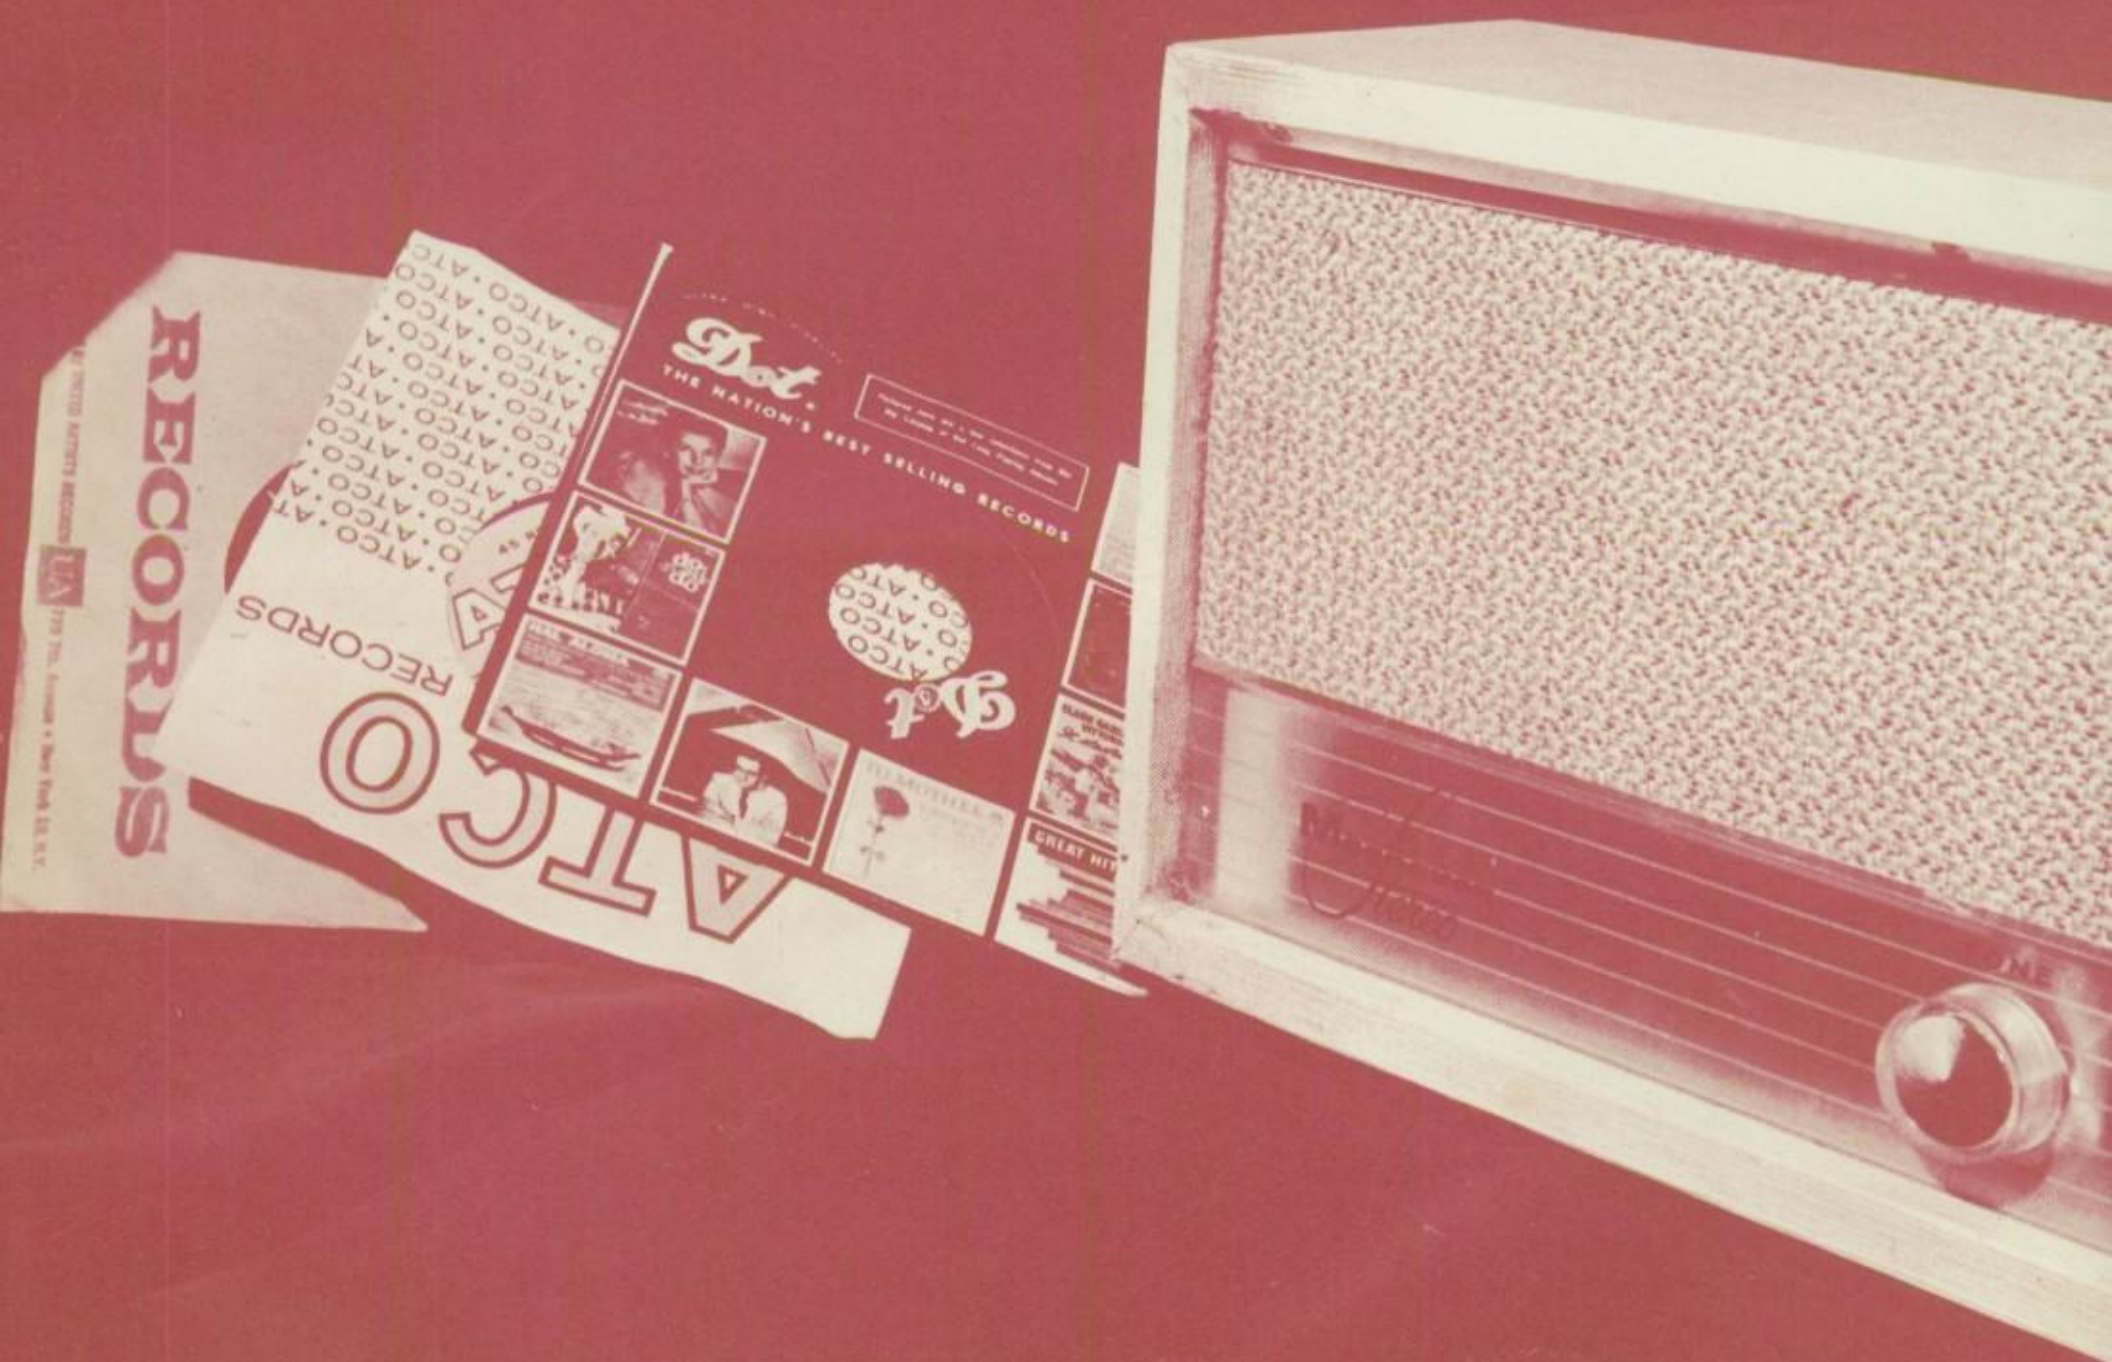

To promote safety, to keep order on the buses, and to assist the drivers in all ways possible are the important duties of the safety patrolmen.

The fulfillment of these duties insures us all greater safety.

# Features

*Our homecoming could be described as a day in such serene enjoyment spent that it would be worth an age of splendid discontent.*

*As for the outstanding persons in our class, their fame may die; their deeds are like an endless light, never to be darkened.*
